

# MOBIVISOR

## Setting up an Android device for work & personal use

Instructions for **users** on how to register an Android device as a **Company Owned Work Profile (COWP)**

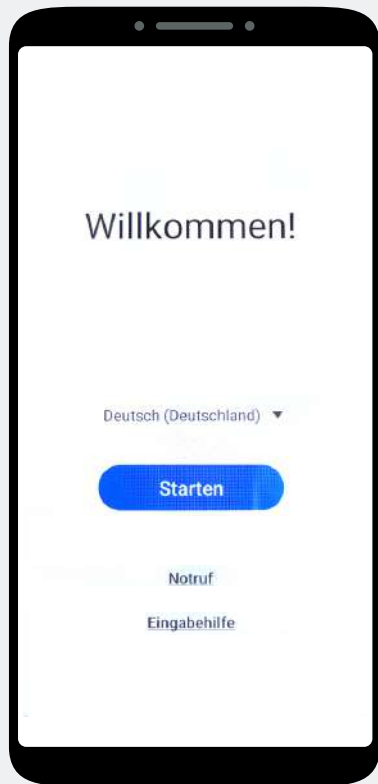

# MOBIVISOR

## Preparation

- Reset the device completely
- Ensure you have a stable internet connection
- If necessary, have the password for your personal Google account ready

### Step 1

You are on the welcome screen. Tap it 7 times until a camera window opens.

### Step 2

Scan the device owner QR code. This will be provided to you by your administrator.

### Step 3

Establish a connection to the Wi-Fi.

## Step 4

After a successful Internet connection, the device is now listed as belonging to your organization. Tap on Next.

## Step 5

The work profile is now set up automatically.

## Step 6

Select **"For work and personal"** here.

# MOBIVISOR

## Step 7

Tap on "Agree".

## Step 8

The work profile is now being set up.

## Step 9

Tap on "Done".

## Step 10

Add a personal account. To do this, tap on "Next".

## Step 11

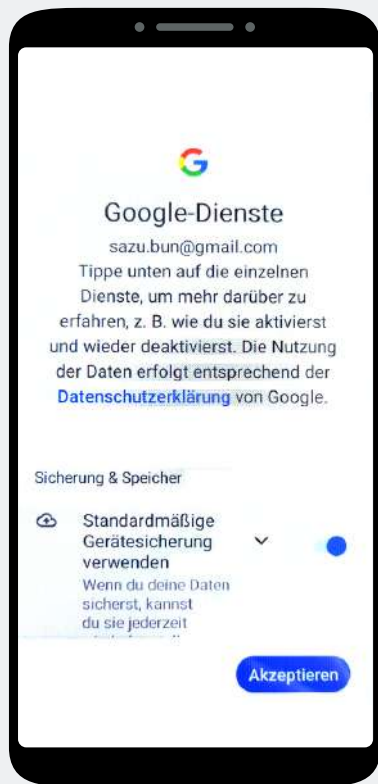

Enter your personal Google account here. This is an e-mail address that ends in @gmail.com.

## Step 12

Tap on "Do not restore".

## Step 13

Accept the Google services.

## Step 14

Assign either a PIN, pattern or password to protect the phone.

## Step 15

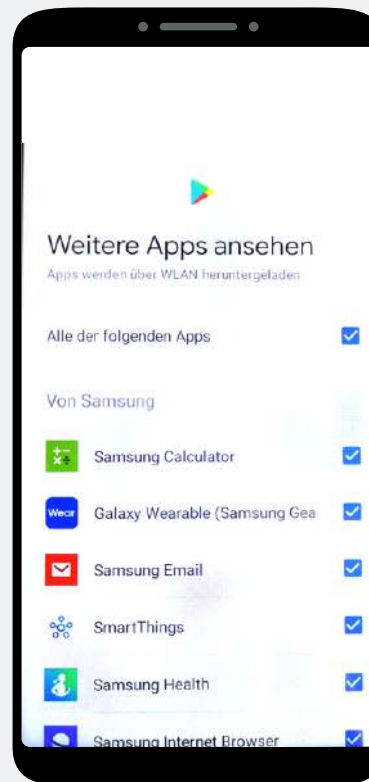

If you do not want to use the Google Voice Assistant, skip this step.

## Step 16

You can also skip this if you do not want to use the Assistant.

## Step 17

You will be shown suggestions for the standard apps for your device. You can download these for your private profile by tapping Next.

## Step 18

Agree to the privacy policy.

# MOBIVISOR

## Step 19

Your device is now divided into two profiles.

## Step 20

Swipe to the left to switch to the work profile and open the MobiVisor app.

## Step 21

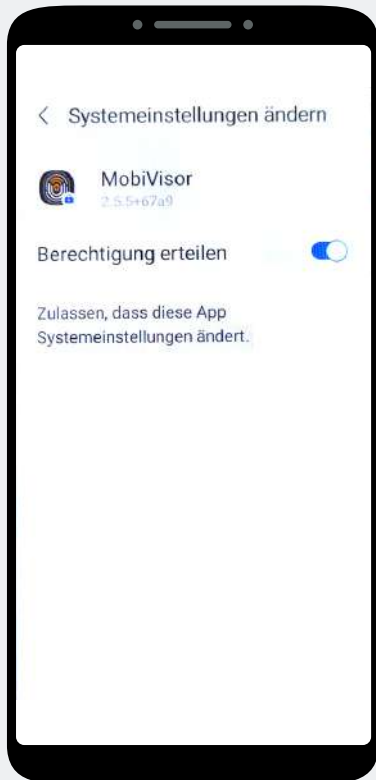

Tap on "**Set up Enterprise environment**".

# MOBIVISOR

## Step 22

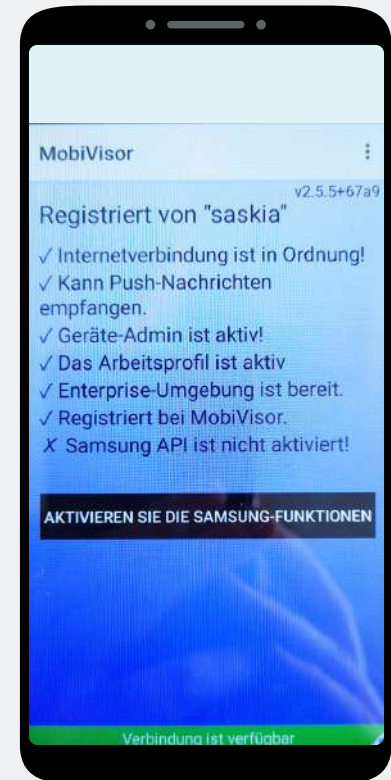

Grant MobiVisor all authorizations and exit the system settings. If necessary, call up the MobiVisor app again.

## Step 23

You can log in using the QR code. To do this, tap the small QR code field next to the user name. The QR code will be provided to you by your admin. Alternatively, enter your login details as shown.

## Step 24

**Only for SAMSUNG devices:** After successful registration, you must now activate the SAMSUNG API.

## **Any questions?**

### **Or do you need any help?**
