## Setting up an Android device for work

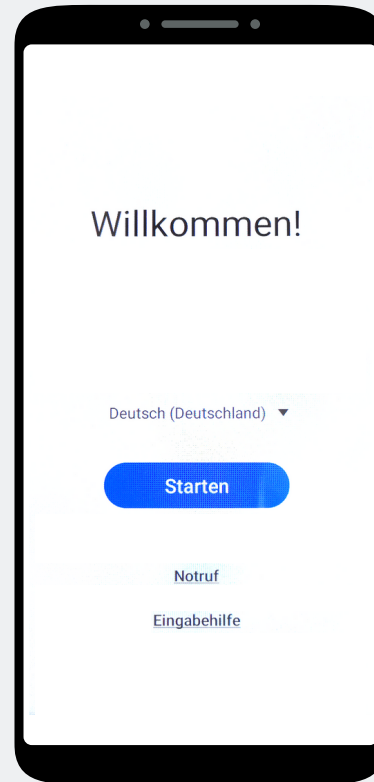

Instructions for **users** for registering an Android device with Android Enterprise using the **device owner QR code**

## Step 1

Before you can start setting up, you must reset the device to the factory settings, then restart the device.

## Step 2

Tap on **"Start"**.

## Step 3

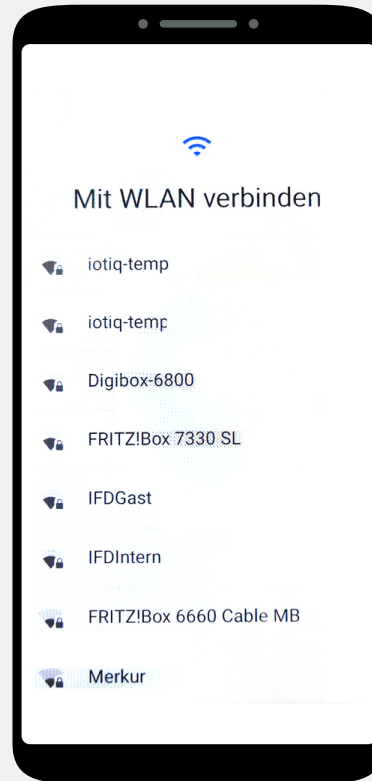

Tap the screen 7 times until a camera window opens.

# MOBIVISOR

## Step 4

Scan the device owner QR code.  
This will be provided to you by  
your administrator.

## Step 5

If the administrator has preselected  
a Wi-Fi network, the device will now  
automatically connect to it.  
Otherwise, select a Wi-Fi network  
now.

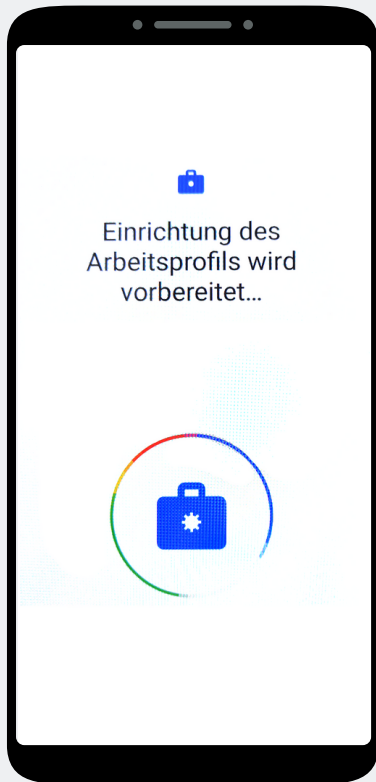

## Step 6

The device now belongs to your  
organization. Tap on Continue.

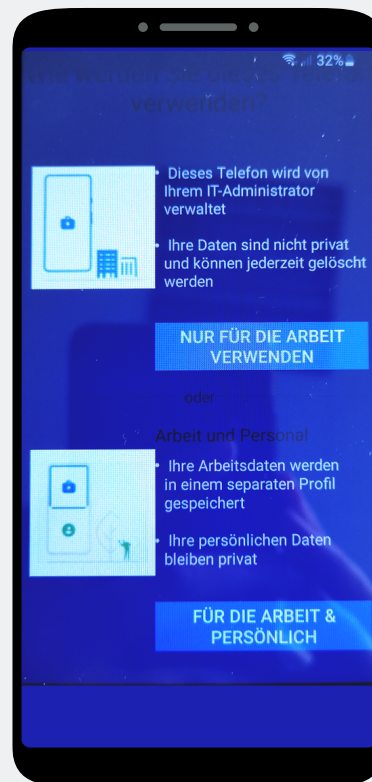

# MOBIVISOR

## Step 7

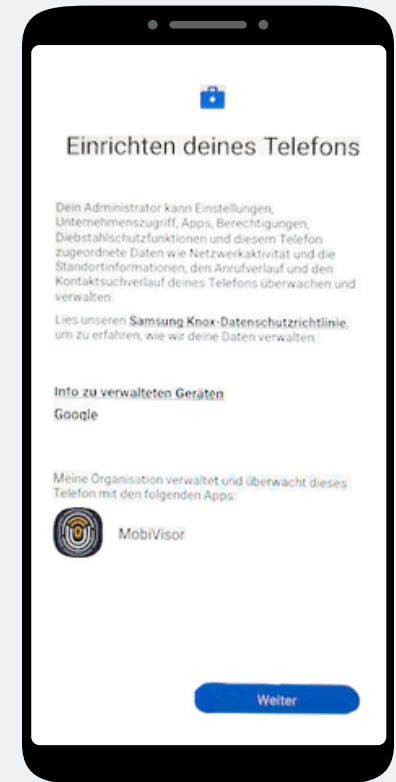

The work profile is now set up on the device.

## Step 8

In your case, click on "**Business use only.**"

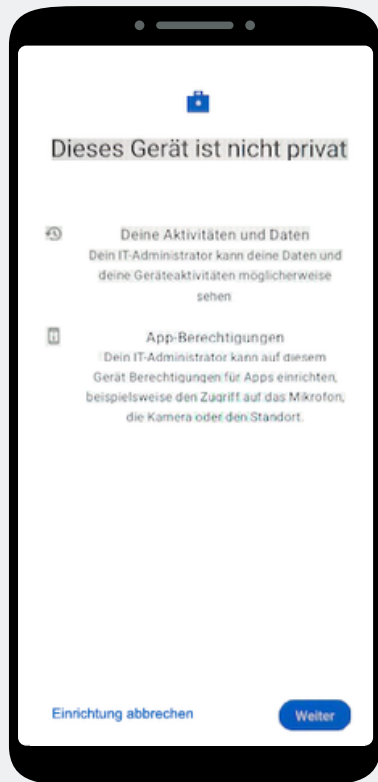

## Step 9

Now start setting up the phone and tap Next.

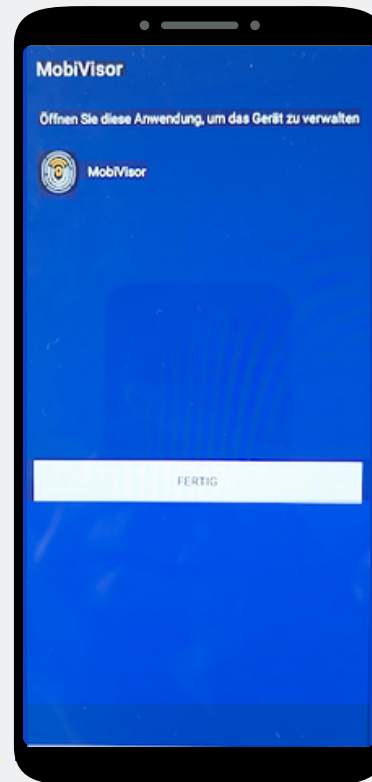

# MOBIVISOR

## Step 10

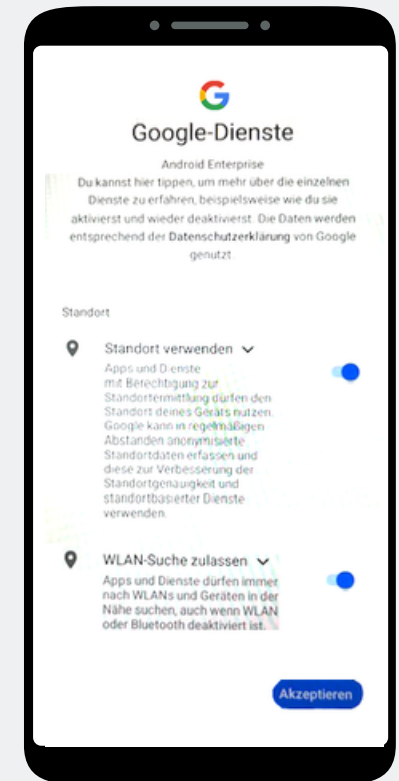

Your device is now a company device. Tap on **Continue**.

## Step 11

The MobiVisor app opens automatically. Tap on "Done".

## Step 12

Accept the Google services to continue.

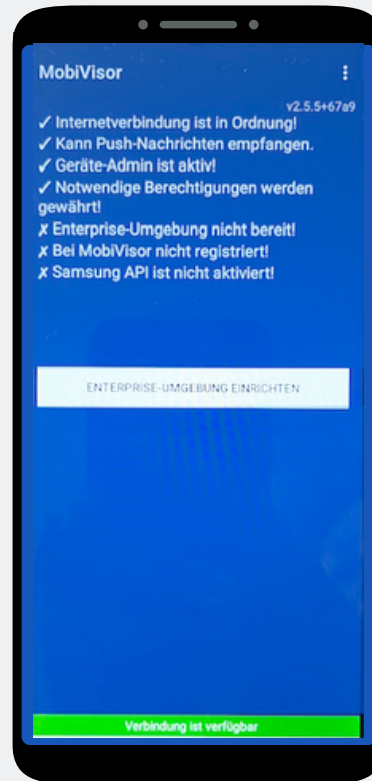

# MOBIVISOR

## Step 13

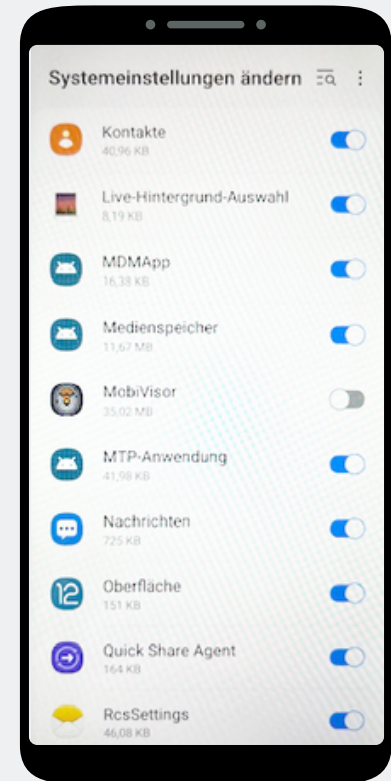

An app installation is not yet necessary here. Select Later at the top right of the screen to skip this step.

## Step 14

In the MobiVisor app, now select: **"Set up Android Enterprise environment"**.

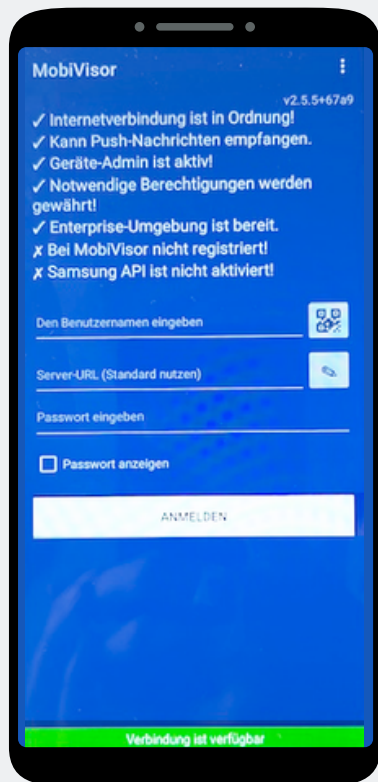

## Step 15

You will automatically land in the system settings. Grant MobiVisor all authorizations here and then exit the menu with the button at the bottom right.

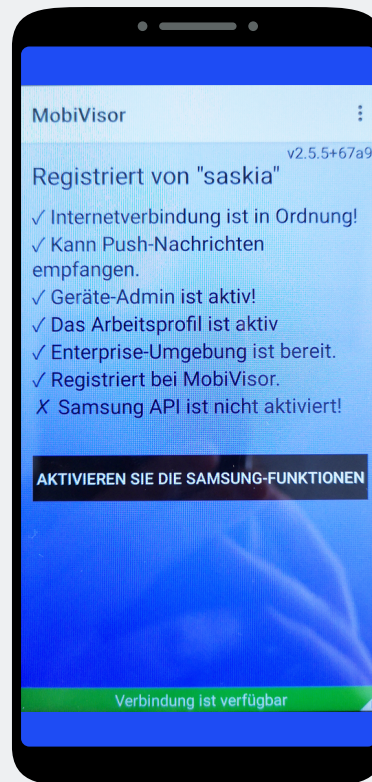

# MOBIVISOR

## Step 16

You will be redirected back to the MobiVisor app. **You can log in using a QR code or password and username.** This will be provided to you by your admin.

## Step 17

**Only with SAMSUNG devices:**  
Please activate the SAMSUNG API after successfully registering.
