

# MOBIVISOR

## Setting up an Android device for work

Instructions for **Admins** for registering an Android device with Android Enterprise using **afw#mobivisor**

# MOBIVISOR

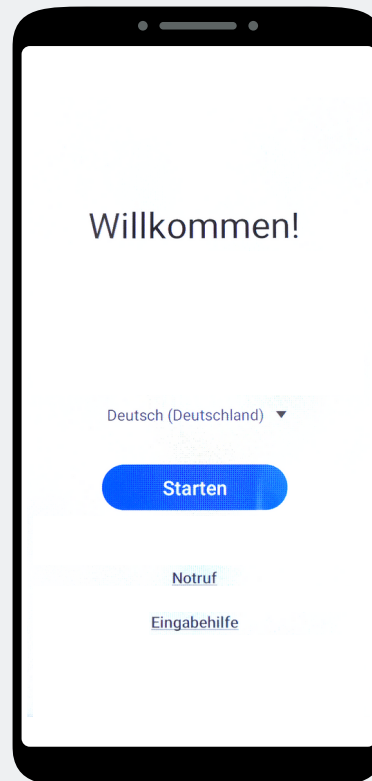

## Preparations:

- Make sure that all devices are reset to the factory settings
- Assign the users to groups and distribute the apps in the groups
- Ensure a stable internet connection
- Ensure that all devices are sufficiently charged

## Step 1

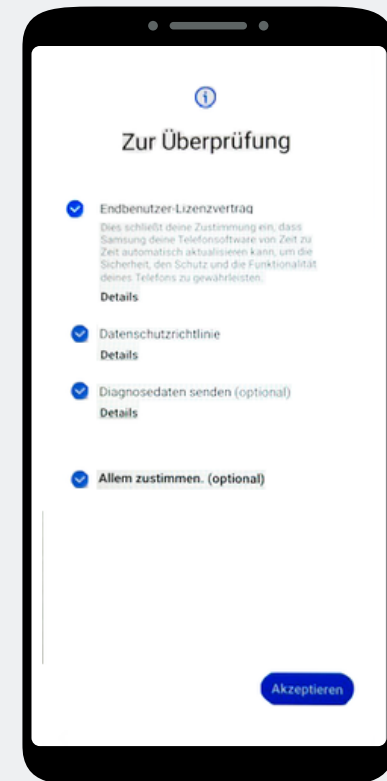

Before you can start setting up, you must **reset the devices to the factory settings**, then restart the devices.

## Step 2

Choose "Start"

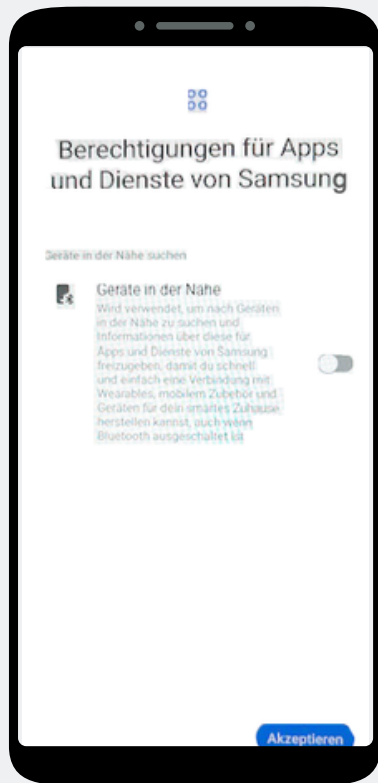

## Step 3

Click on "**Agree to all**" and on "**Accept**" at the bottom right..

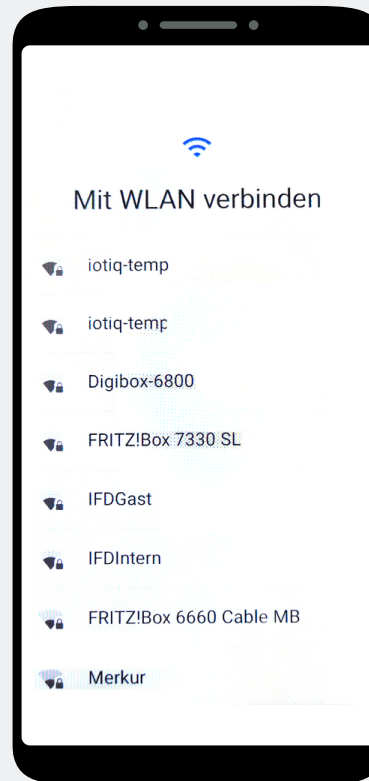

# MOBIVISOR

## Step 4

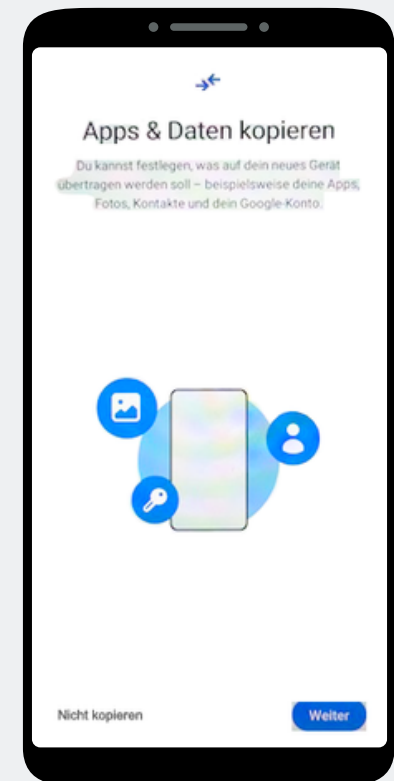

Now click on **"Accept"**

## Step 5

Connect the device to the WLAN or use the mobile data to continue.

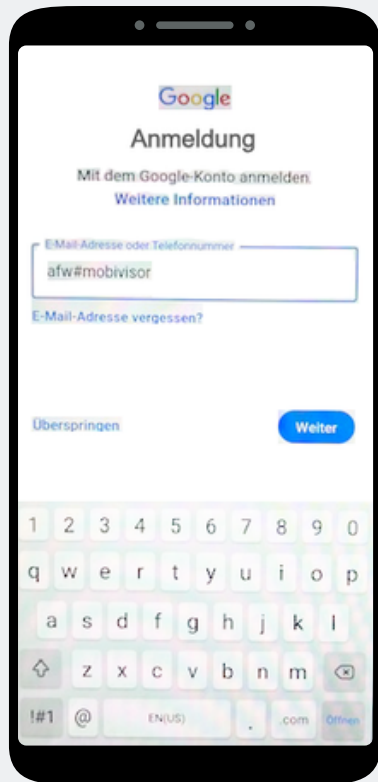

## Step 6

The Screen "Copy apps & data" appears. Tap on **"Do not copy"**.

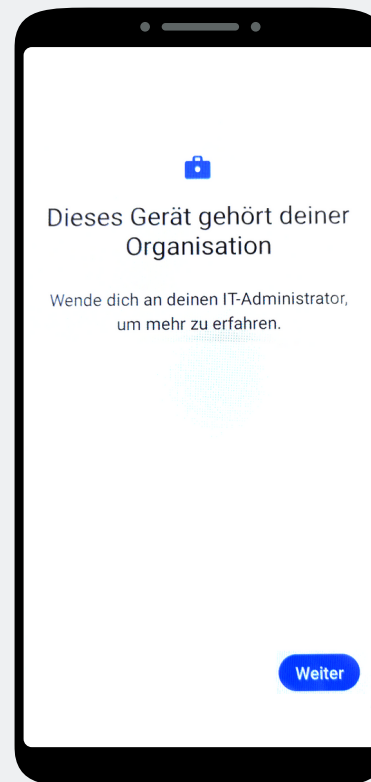

# MOBIVISOR

## Step 7

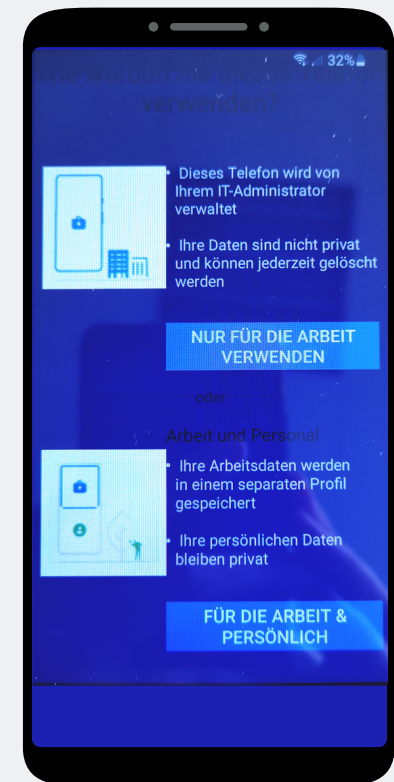

The Google login page appears. Enter **afw#mobivisor** in the email address or phone number field and click Next.

## Step 8

The device now belongs to your organisation. Tap **“Continue”**.

## Step 9

In your case, click on **“Business use only”**

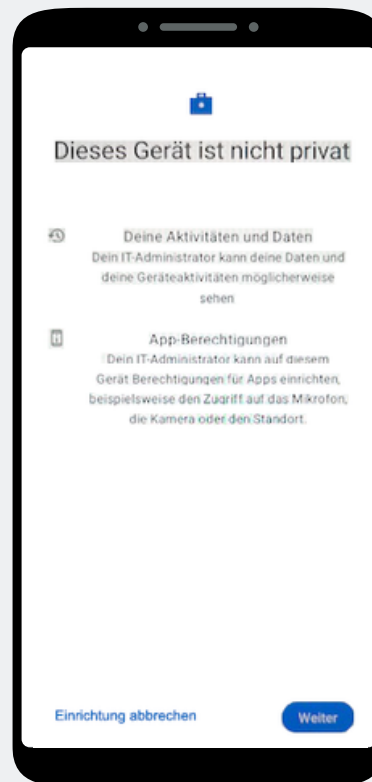

# MOBIVISOR

## Step 10

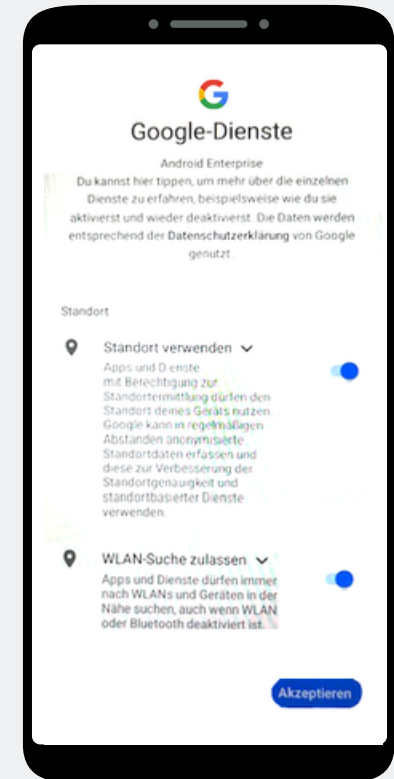

The phone is beginning the set-up. Tap on **“Next”**.

## Step 11

Your device is now a company device. Tap on Continue.

## Step 12

Accept the Google services to continue.

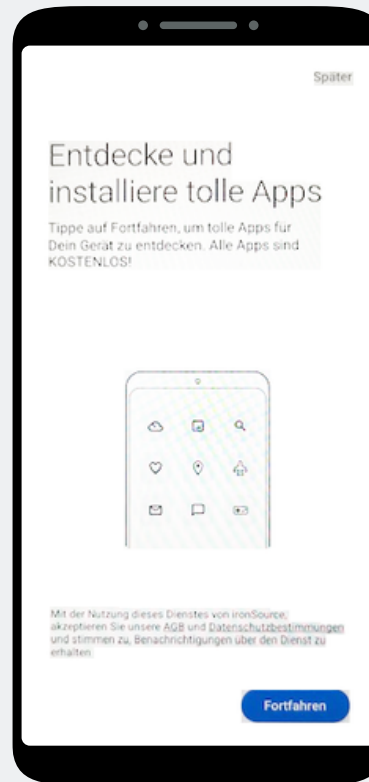

# MOBIVISOR

## Step 13

The MobiVisor app opens automatically. Tap on "**Done**".

## Step 14

An app installation is not yet necessary here. Select Later at the top right of the screen to skip this step.

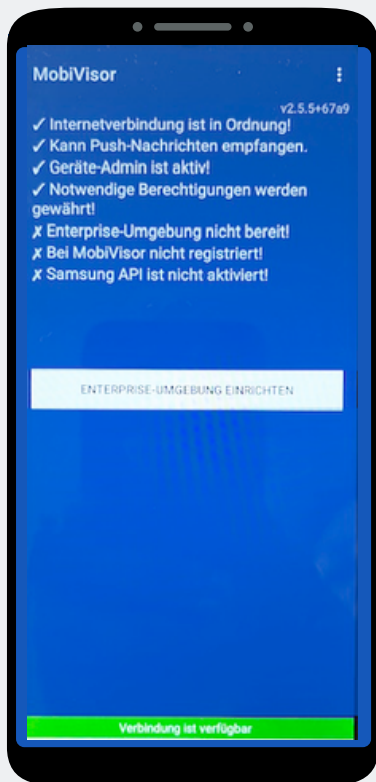

## Step 15

You are on the home screen. **Open the MobiVisor app.**

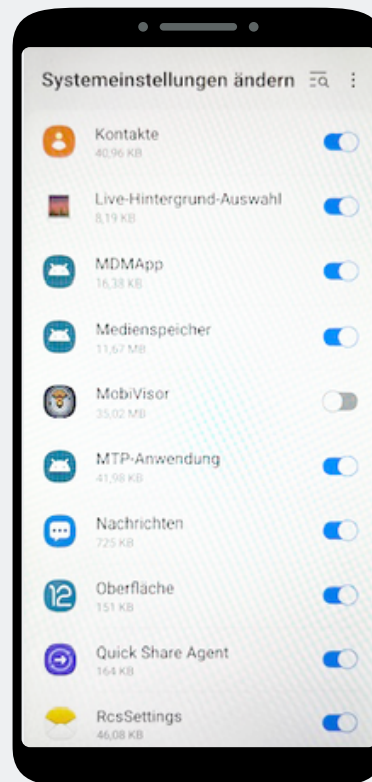

# MOBIVISOR

## Step 16

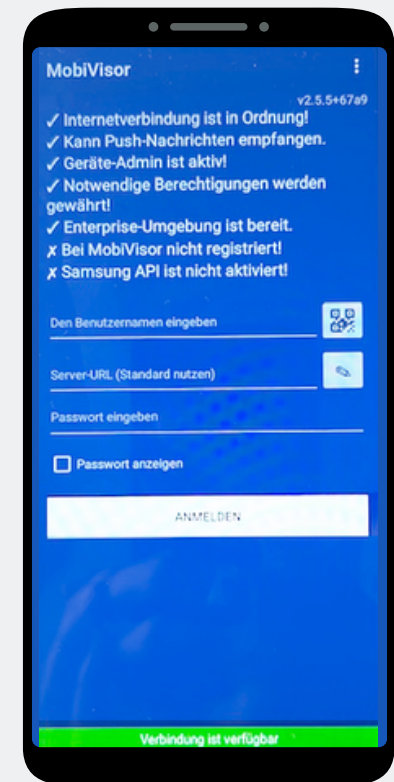

In the MobiVisor app, now select: **"Set up Android Enterprise environment"**.

## Step 17

You will automatically land in the system settings. Grant MobiVisor all authorizations here and then exit the menu with the button at the bottom right.

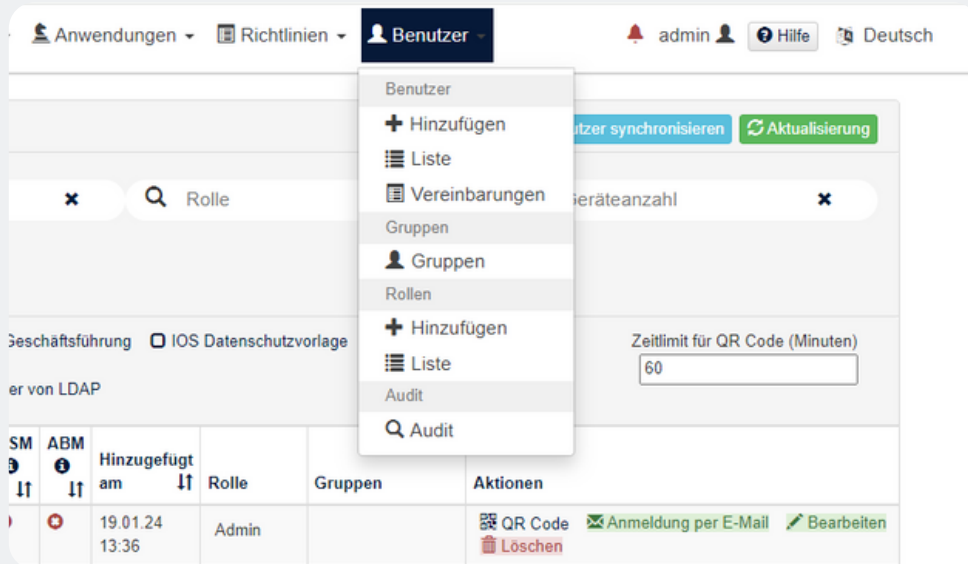

## Step 18

You will be redirected back to the MobiVisor app. **Log in via QR code or password and user name.**

# MOBIVISOR

## Step 19

The screenshot shows the 'Benutzer' (Users) management page in the MobiVisor web interface. A dropdown menu is open, showing options: Benutzer, + Hinzufügen, Liste, Vereinbarungen, Gruppen, + Hinzufügen, Liste, Audit, and Audit. The main table below shows a list of users with columns for SM, ABM, Hinzugefügt am, Rolle, Gruppen, and Aktionen. The first user is 'Admin' with a role of 'Admin' and a date of '19.01.24 13:36'. The actions for this user include 'QR Code', 'Anmeldung per E-Mail', 'Bearbeiten', and 'Löschen'.

Log in to your MobiVisor domain with your access data. Call up the "User" menu and select "List". If all users have already been created, they will appear here.

### For SAMSUNG devices only:

After successful registration, please activate the SAMSUNG API.

## Step 20

The screenshot shows the 'QR Code' field in the user management interface. A QR code is displayed, and the text below it reads: 'Dieser QR-Code ist 60 Minuten lang gültig. Klicken Sie, um es zu ändern.' The QR code is used for user registration in the MobiVisor app.

Scroll to the user you want to register. Click on "QR code" and scan the QR code that is now generated by tapping on the small QR code field in the MobiVisor app.

**Any questions?**

**Or do you need any help?**

No problem, our team will be happy to help you.
