Our Mobile Device Management Service (MDS):  
powered by IOTIQ GmbH

# Challenges in the company without MDS

# Challenges in the company without MDS

---

- High acquisition costs
- Little overview of devices in use and their status
- Loss of overview of contracts with external providers
- Many players in the business: from ordering to commissioning lead to errors, gaps and additional work
- Disproportionately high procurement and administrative costs
- Outdated models, no overview of GDPR compliance or availability of apps

# The solution: MobiVisor MDS

---

# The solution: MobiVisor MDS

---

- ✓ Full service from a single source by e-mail and telephone
- ✓ Free choice of devices - licenses can be extended at any time
- ✓ 100% cost control: no hidden costs
- ✓ Cost savings through reduced expenditure
- ✓ GDPR-compliant setup of mobile devices (Android & iOS)
- ✓ Professional replacement of old devices and integration of existing devices

# Your advantages at a glance

---

## Cost

Take the pressure off your IT and procurement department with massive time savings. You can also benefit from favorable corporate rates that suit your needs.

## Data security

The professional implementation of GDPR-compliant security guidelines on mobile devices guarantees the security of your company's data.

## Employees

Employees don't have to worry about the right setup. Instead, they can use the devices straight away.
